***Be strong, and let your heart take courage, all you who wait for the LORD! –
Psalm 31:24 (ESV)***

Dear Family in Christ,

Jesus is always there to hear our prayers. Even when it feels like He hasn't answered, we wait. Sometimes He doesn't answer immediately or in ways we expect. He is always there for you and has your best interests in His heart. Even when your circumstances may not always be what you want at first, He can see the bigger picture.

We find our courage in Him and watch as He answers prayers in ways you could have never imagined. Today we thank God for your lives. The Holy Spirit is moving and invites us to spend more time connecting with him, to listen to his voice.

Altamirano de San Jose Tenango

This week we were called to support communities that had lost their animals in a fire that broke out in more than ten communities. We began to send support in communities that is 9 hours away from the city of Puebla. This week we sent 3 teams from 3 churches of Friends of Faith. We gave them food, water, face masks, clothing, and corn. The powerful Word of God was ministered to them, and many people received Christ Jesus as Lord and Savior.

Next week 4 more groups will go to them same areas to help and spread the Word of God. We request coverage in prayer in the communities of San Martin Caballero de Tenango, Sierra Mazateca, Oaxaca.

Sierra Mazateca

Last year was a year of trials and victories. God is calling us to be his extended hand in the Mazatecas Mountains, Oaxaca, supporting the poor, the widows, the orphans, the sick, and the imprisoned.

The mountains are a challenge. God spoke to us about teaching them the word of God, giving them physical and spiritual food. Teaching them to pray so

that they become intercessors for the entire world.

San Martin Texmelucan

God continues to bless San Martin. Pastor Carlos and Alicia have done a wonderful job organizing groups multiple times throughout the year to send food and water to the people while spreading the word. They also have led a women's, men's and couple retreats that have change and transformed the lives of many in San Martin. This area continues to grow tremendously.

God continues to bless us every step of the way. Denzil and I would love for you to come to Puebla and see the work of the Lord first hand. Thank you for your continued prayers and supporting our ministry.

Love always your servants in Christ,
Pastor Denzil & Rebeca Hood
