

VIETNAM

Here's what has happened and what's to come!

Since the last time we met, as you can see on my personal FB we had a Intercession Ministry training. We've also seen God fill some with the Holy Spirit. In the mean time who we now work with discipleship.

Along with that we carry on our day to day one-on-one discipleship with others and weekly cell grouping.

We work with and minister to local assemblies as well as we join in reaching out to gather in the harvest, make disciples, and send them out.

We as well have our Upper Room Vietnam 24/7 house of prayer continually going on.

My wife and I are currently back again for a time as we stay in statutory time requirement with Green Card. Just about 1/2 way through the time period required which is 36 months. More than 50% of the 36 has to be in US.

As we do that, we carry on with ministering to and working with Vietnamese Church network in America. Many lost Vietnamese here as well as good Vietnamese churches to reach out with. Lord be willing, Lan and I will be at DEC November 3rd.
