Subject: Whitman Family missionary newsletter - 3rd Qtr 2024

Dear Friends and Family,

We hope you are doing well as we all get ready for Christmas!

This newsletter announces that we completed our itineration cycle in August and returned to our full-time missionary work—now at Global University! It also includes details from a recent trip to Central Asia (only 150 miles from the border with China). Andy taught students and met with church leaders, many of whom have suffered persecution for the sake of Christ, but for their protection, we have not shared any details. In case you missed them, we have included links to a couple of the videos from that trip.

Video Link 1: <https://www.youtube.com/watch?v=4C3HRxhRiYo>

Video Link 2: https://youtu.be/8cOkD3o8kpY?si=Vk58x3Fa_rHh2PtB

On a family note, we moved Spencer to Virginia in October to start work as a site planner with an engineering firm. Spencer attends the AG church where Andy grew up, and he joined the local Chia Alpha group. The same month, our daughter Madison went on a medical missions trip to South Africa near the border with Swaziland. We are delighted that both our children are serving the Lord.

Online Giving link, for your convenience: <https://giving.ag.org/donate/600001-292130>

Bless you all,

Andy and Stacey Whitman
